Special Wonders Spotter's Guide

(D) (D)			
Love	Spotit!	About	Date spotted
	Cuddle	Snuggles, hugs and cuddles make everyone feel better! Can you spot one?	
	Kiss	Do you kiss with your lips or do you like to rub noses like an Eskimo?	
	Heart	Hearts mean love — that's why you see so many of them on St Valentine's Day cards!	[{\}
Rainbow	Spotit!	About	Date spotted
	Rainbow	Can you see all seven colours? The red is on the outside and the violet is on the inside!	{ }
	Double Rainbow	Sometimes Rainbow Belle paints two rainbows together! Double rainbows are very rare indeed.	$\stackrel{\leftarrow}{\Sigma}$
	Rainbow's End	You're very lucky if you find this! Maybe you'll see Rainbow Belle's home, too!	ξ\$)
Star	Spotit!	About	Date spotted
N. A.	Sirius	This is the brightest star in the sky! It's sometimes called the 'Dog Star'.	{ }
	Great Bear	This is a pattern of stars called a constellation. Its brightest stars make a shape like a saucepan!	$\stackrel{\sim}{\square}$
	Shooting Star	It's rare to see a star falling to Earth. Sometimes you can see a whole shower of stars falling down!	23
