

Love Belle's Friendship Game

Ask an adult helper to print out this page and cut out the square below, then follow the steps to fold your Friendship Game.

1. Fold the square in half to make a triangle – the top-left corner should touch the bottom-right corner.
2. Open it back out and do the same again, but this time fold the top-right corner down to the bottom-left corner.
3. Open it out again and place the paper printed side facing down.
4. Now fold all four corners along their dotted lines to meet in the middle.
5. Turn the square over and fold all four corners in to the middle again.
6. Fold your square in half lengthways to make a crease, then open it up and fold it again widthways.
7. Finally, bring the four corners together into a point and open out the corners with the number on. Now you can play with your friends!
